BOULETTES

(Meatballs with a side dish of your choice)

Boulette is one of the national dishes in Belgium. It's serve in a sauce based on tomatoes or a gravy which is been made sweet/sour. There are many variants based on location in Belgium. Mostly boulettes are served with Belgian fries or "stoemp" which is a potato and vegetable mash. We at ATELIER B took this amazing dish and made our own versions with a touch from all parts over the world.
